## List of Doctors

### Hip Resurfacing Surgeons | Surgeons that perform both Total Hip Replacement and Hip Resurfacing

How to use these lists. These lists are provided strictly as a starting point for your search. Please see [Selecting the Right Surgeon](#) for you. **These lists are in no way representative of a list of doctors that I would personally recommend.** To find out more about any doctor on this list, go to the [Surface Hippy.Hip Resurfacing Site's message board](#), to post and ask other patients if they would recommend that particular doctor. Patient feedback is the most important. Or do a search for that doctor by name and read the prior feedback from other patients, you will find both positive and negative feedback on some of the doctors, then you can come to your own conclusions. For a complete list of ALL doctors scroll to the bottom of the page for two downloadable spreadsheets provided by Ron van Mierlo one for the U.S. and one for overseas.

Below is a list of doctors that I have heard positive feedback from patients and/or know that they have done a good number of hip resurfacing procedures. Remember, numbers alone do NOT tell the whole story and it is impossible for the numbers listed to be the most up to date. I need to hear from the surgeons themselves as to what their actual numbers are in order to update the list. Skill and success/failure rates should also be taken into

### Tribute to the Late **VICKY MARLOW**

The McMinn Centre

[www.mcminncentre.co.uk](http://www.mcminncentre.co.uk)

### Hip Resurfacing Educational Foundation Inc.,

a 501c3 non profit helps to educate the patient community on this great procedure.

Your donations will help to pay it forward to future patients seeking solutions to hip pain.

All donations are tax deductible. To donate, please [Contact Us](#)

information. If you are a doctor that would like to be added to the list, Please Contact Us or **join the new Hip Resurfacing Site Survey Group** and check out the polls section to see the survey answers on how many hip resurfacing surgeries most patients feel a doctor needs to have done in order to be proficient at hip resurfacing in order to trust them to do your surgery. **You do need to join first** to see the polls. Lastly, remember that all Hip Resurfacing surgeons also perform Total Hip Replacements, but not all Total Hip Replacement surgeons or actually most Total Hip Replacement surgeons do NOT perform Hip Resurfacing. The only way to get a true unbiased opinion is to go to a surgeon that has done a lot of BOTH procedure, Hip Resurfacing and Total Hip Replacement
